Watch this space for our new monthly special announcement! The first MONTHLY SPECIAL running August 1-31 will be 50% OFF All in-Stock DC SHOWCASE and MARVEL ESSENTIAL volumes! That's almost HALF PRICE!.....

From San Diego.....Mostly Movie and TV crap from the San Diego Con this year, but there are a few comics tidbits....Peter Tomasi and Patrick Gleason (from GL Corps) take over Batman & Robin on #17. Whereas I thought the book was over with #16, this leads me to believe that it will still be a Dick and Damien title...a new book called Batman Dark Knight from David Finch which will be a Bruce Wayne title....and a new book from Grant Morrison called Batman.inc., which will feature Batman working with other characters...Marvel showed a video teaser which looks like they are bringing back the Crossgen Universe starting with Sigil...Disney bought out Crossgen after they went bankrupt in 2004...the 'Atlas' team of Parker and Hardman take over Red Hulk which should prove interesting...T.H.U.N.D.E.R. Agents finally gets it's new book from DC...Flash:Speed Force is the new Flash Universe title...Good news that snuck in is that starting with the second story Superman Earth One will be printed as a comic first, then collected as a hardcover. A victory for us 'Comic Guys' as apposed to the evil 'Wait For The Trade Guys' !!!
